Navy Year 2000 Tracking System (NY2KTS)
Software Release Notes
## Version 2.3.09
19 April 1999

__Software Change Description:__

SCR #:   Description of Change

99-39   Changed the Systems Information Program (Y2K01U1) so that while reviewing the Interfaces or Subsystems Windows the user can Double-Click on the item and the program will display the Systems Information Program Window for that specific Interface or Subsystem.

Double-Click on the Subsystem Tracking ID Nbr (or the Interface Name) to review the Y2K Master record for this Subsystem/Interface. If the Subsystem or Interface does not exist as a Y2K Master record, the message box below will appear.

Select the OK button to continue. The Subsystem/Interface Master Y2K record
